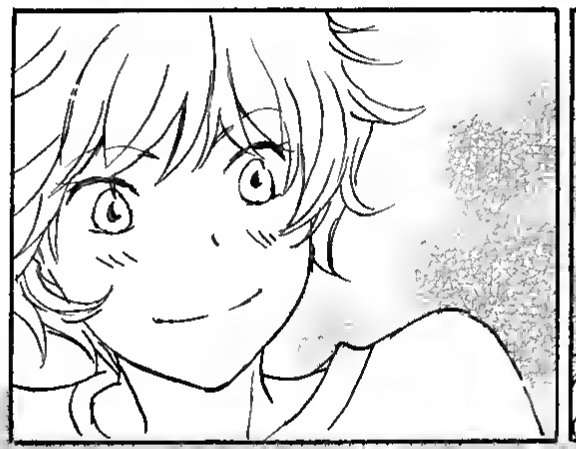
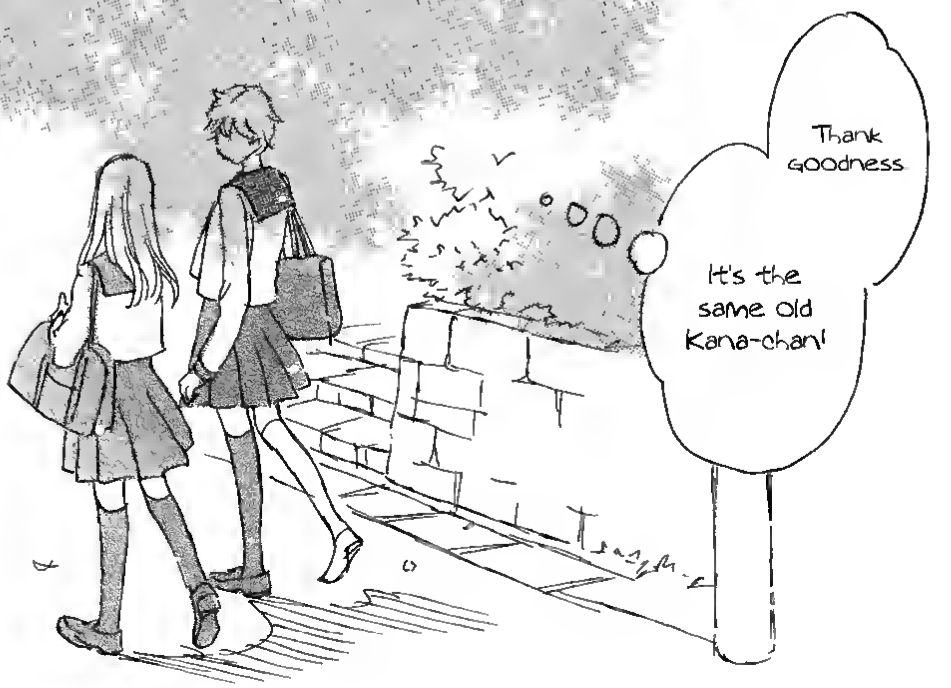
Blueprints for a Girl

Good morning.
...Kay.
Hurry up and get your face washed.
...Good morning.
A lunch? For me!?
What? Whoa, you lucky duck!
Okay, Mom, here's your lunch
This rolled omelet is soooo good! ♡
I could cry

I haven't had a box lunch since the sports festival in grade school!
Kyaaaah! I'm so happy!
And all her meals are just heated on the stove
I'm sorry.
There's some for us, too.
Eat school lunch every day, and you get picky.
Ato-chan, you don't eat anything that's not on your favorite menu.



It doesn't have anything special,
so you'll have a bad time if you get your expectations up.



Thank Goodness.
It's the same old Kana-chan!

The world history textbook?
Here.
One set
Thanks.
That and the illustrated timeline and the terminology guide.
Could you give them back at lunch break? I use them fifth period
I know. I'll come borrow your classical dictionary at lunch break, so I'll give them back then.

Yeah
You copied my class's schedule the other day.
Was this why?
...
Those are all heavy.
Since we're in the same school year,
we've gotta use it to our advantage, right?
So see you later!
clang
She really is the same Kana-chan as always
Am I being used?
clong
Like that awkward moment never happened...

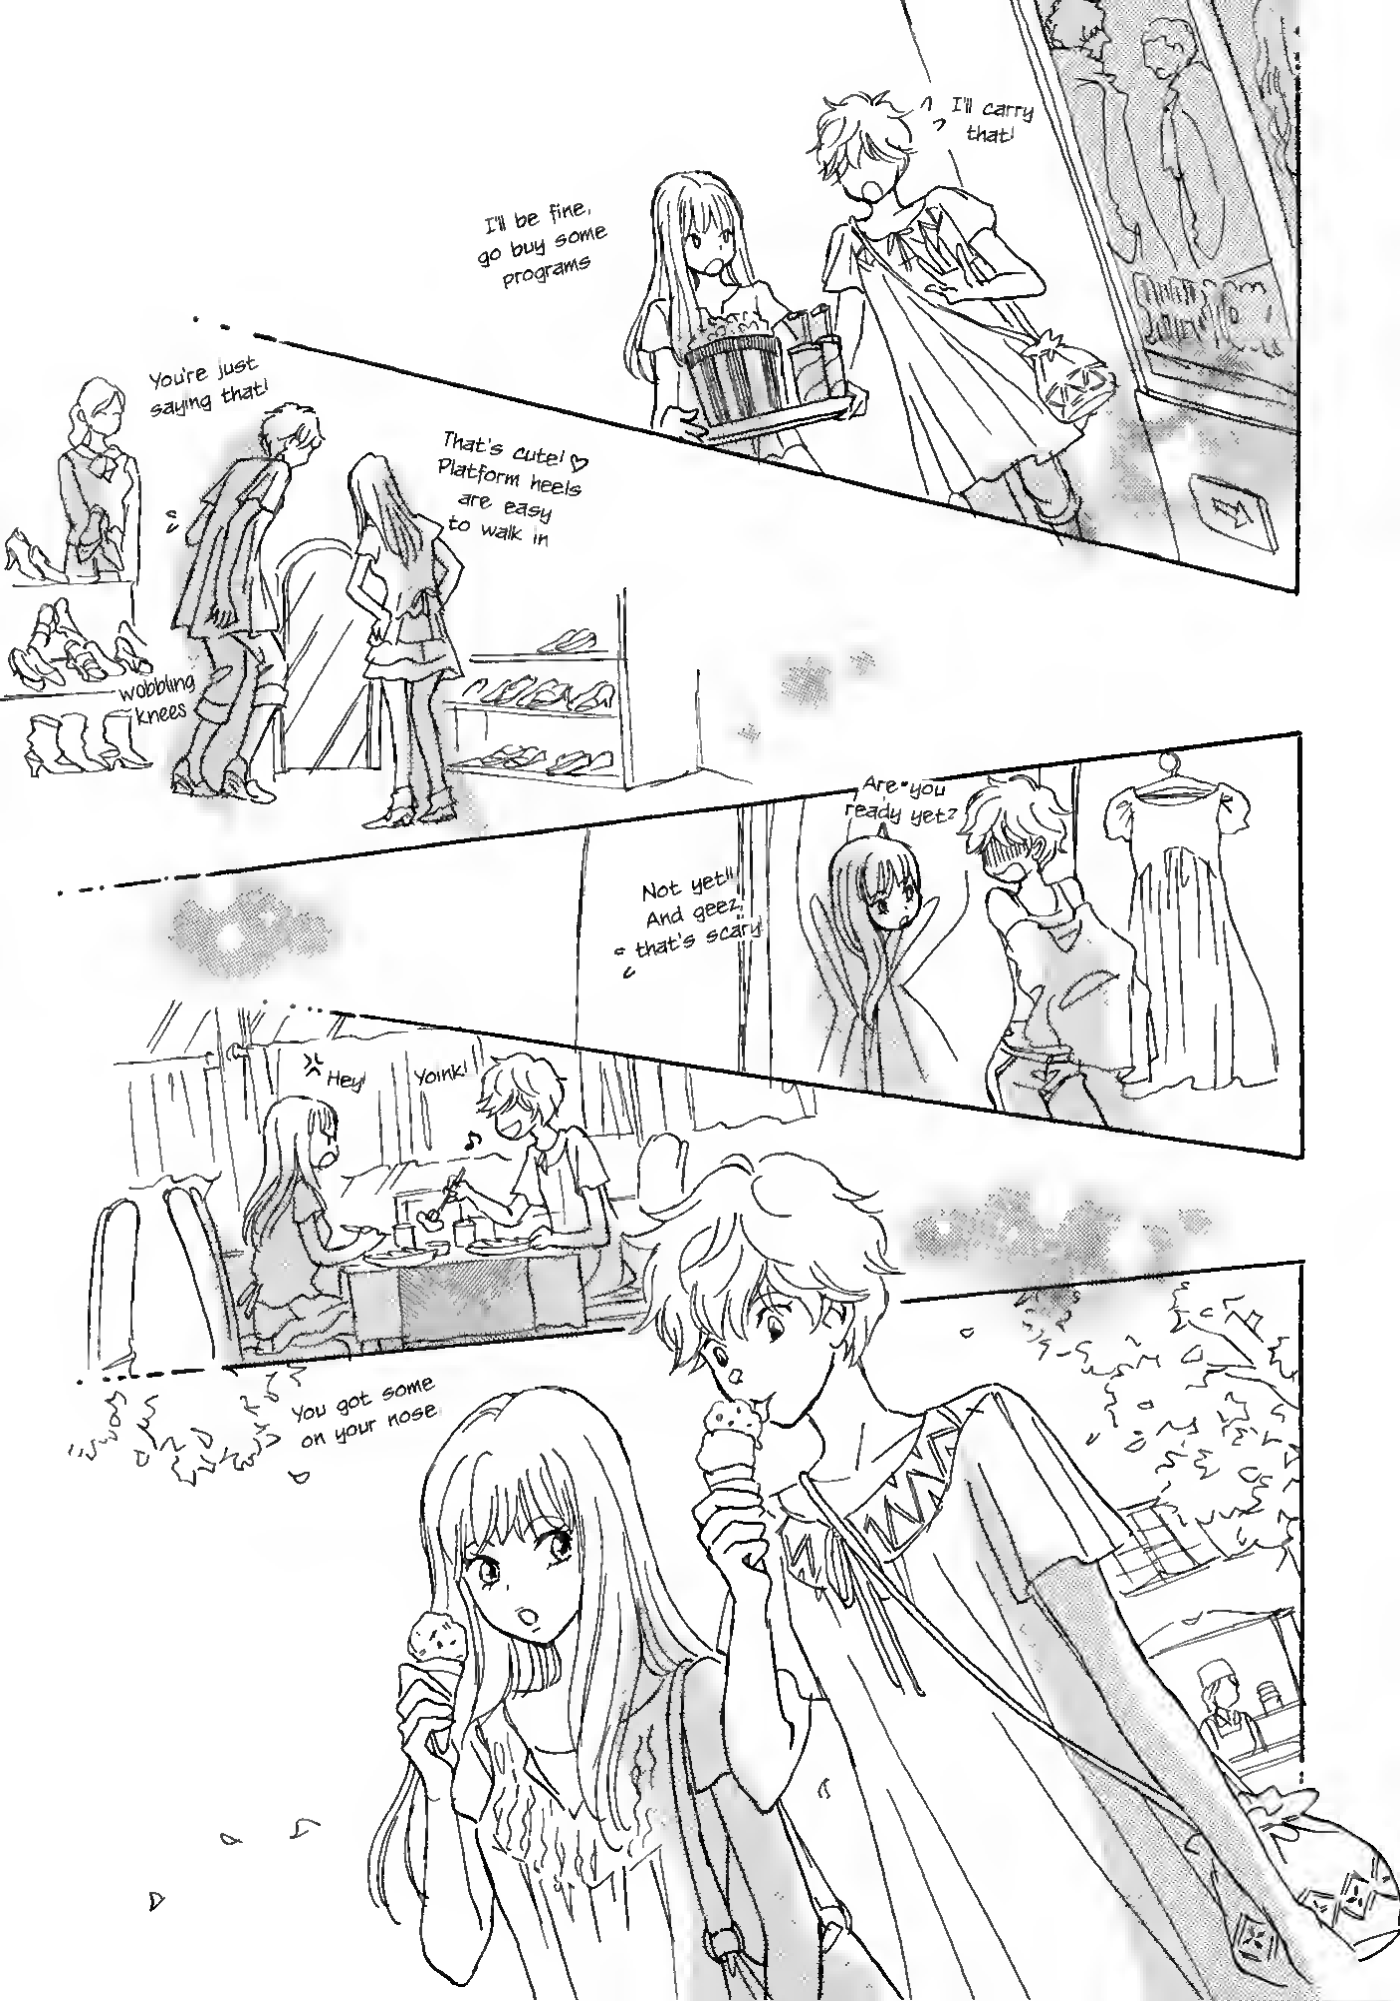
Ato! Over here, over here!
You have a box lunch, you know.
I'll eat that, too.
They're hand-made by Kana-chan!
Oh, my!
You have matching lunches!
& cafeteria tsukimi udon
clang
clong

That tamagoyaki looks good
You want some?
Kyaaahn! Thanks!
What!? Come on, that's not fair!
You have your own, Ato-chan.
Grrrrrr
It's sooo good!
It's a lot better than my Mom's, even!
That's going too far.
Kana-chan, what's your sign?
Aries.
This month, Aries have good luck in romance coming!
"Could your soul mate be somewhere right around you!?"
That's what it says!
But right around us is a girls' school!
We never meet anyone (/)

What's your sign, Ato?
slump
Aries.
Uh-huh.
Yeah, we're not. Almost a year's difference, and it came back around to Aries
...You're not supposed to be twins, are you?
HUH?
Then you have the same luck.
If your "soul mates" overlap, that would be a big problem!
Maybe a sordid relationship triangle?
What about you, Misaki-chan?
I'm a Scorpio!
Ugh, it's not looking good for Scorpios.
Aack, I was trying not to look!

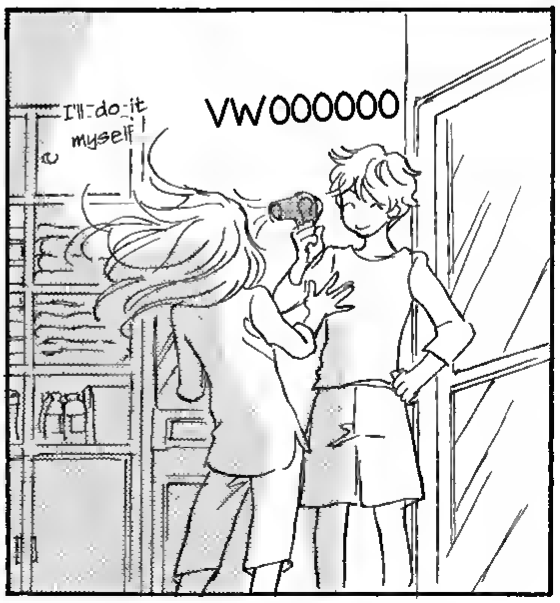
Something came up, and now I have to accompany the newbies on their training.
Yes, that's right.
It's only one night, though.
Training at a hot springs inn?
Itinerary
I'd be a bit worried if Ato was by herself,
but now you're here, Kana-chan, so my mind's at ease.
Alright, I'm off!
If anything happens, let me know, okay?
I'll bring back souvenirs!
Don't pick on the newbies too much, your eminence!

Hey, Ato-chan.
Let's go on a date.
Huh?
This one is fine
No, the other one is the right choice



I'll carry that!
I'll be fine, go buy some programs
You're just saying that!
That's cute! Platform heels are easy to walk in
wobbling knees
Are you ready yet?
Not yet!! And geez, that's scary
Hey
Yoink!
You got some on your nose

I've been sweating and all
I'll take my bath first, then.
Aaaah!
That was fun!
Take your time!
Don't need any! I'm stuffed!
What do you want to do for dinner?
Do you want to take it with me?



Hey, Kana-chan, can I put my futon next to yours?

Nope.

What!?
They do not stink!
Your farts stink, Ato-chan.
Nuh-uh.
What? Come on, let's sleep next to each other!
So goodnight!
Goodnight.
We eat the same food every day, so you're just the same!
Mine have a floral aroma.
Even what's in our poop is the same!
There's no way that can happen!
roll
roll
roll
Man...
Today was so much fun!♡
poff

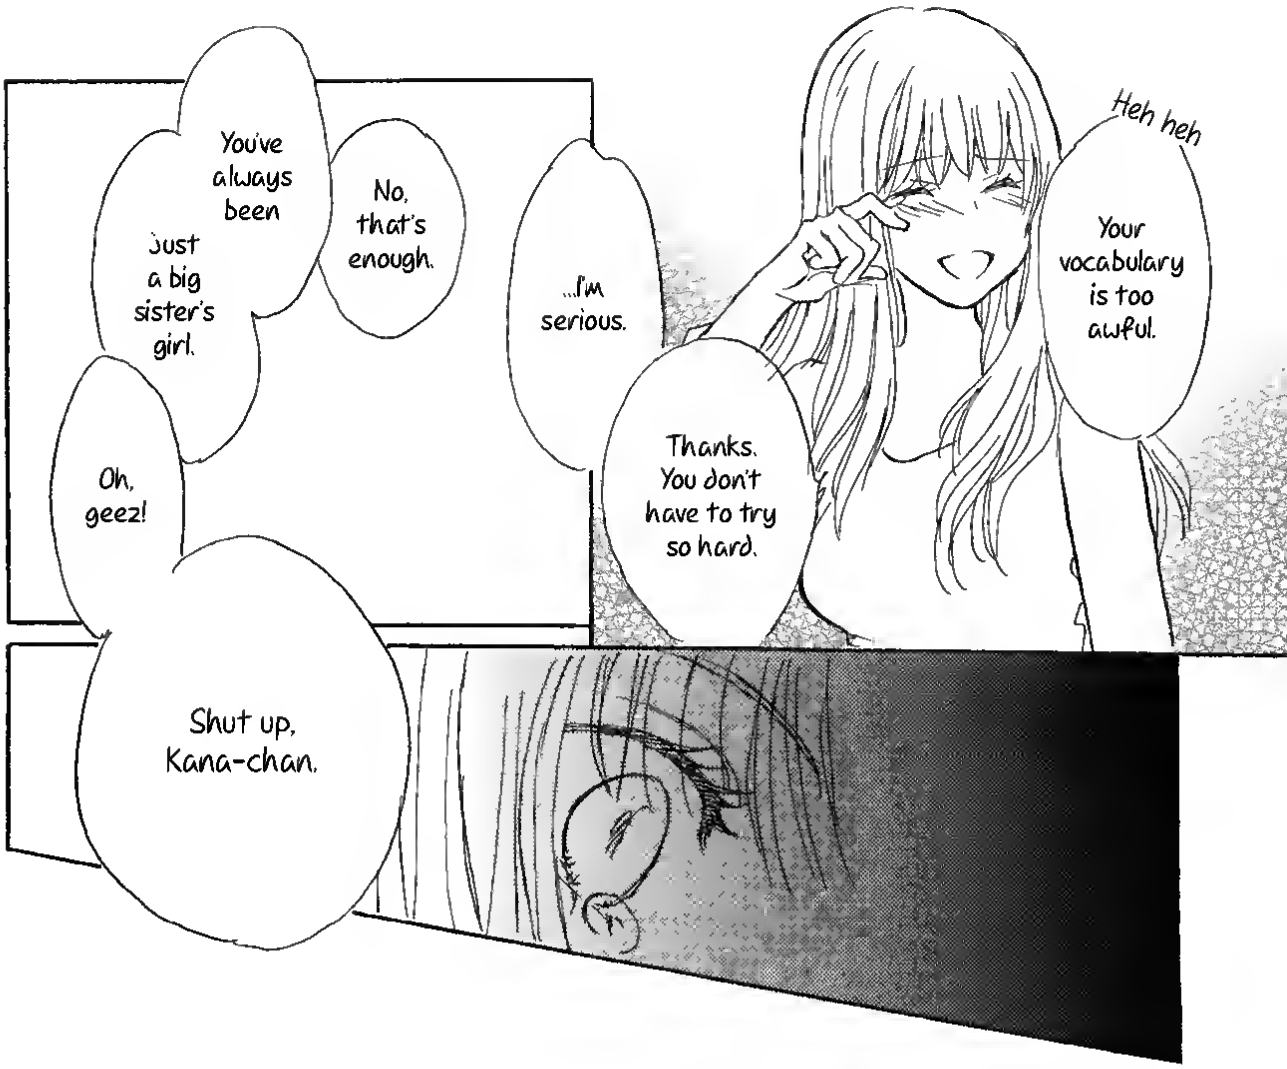
I'm tired, but I can't sleep.
Oh, Kana-chan is awake, too.
Hey, Kana-chan,
for tomorrow...

What are you doing?
I-I just- I started missing Dad.
so I was thinking about going back to his place for a bit.
Go back?
What do you mean, go back? Isn't this your home?
On top of that,
that's not luggage for "a bit," that's...
Definitely.
Yeah.
I was thinking that maybe I should live with Dad after all.
Why? How come? Do you not like it here anymore!?
Before, you were saying I was annoying.
But if there's something you don't like, I'll fix it, so-
No,
I like you.

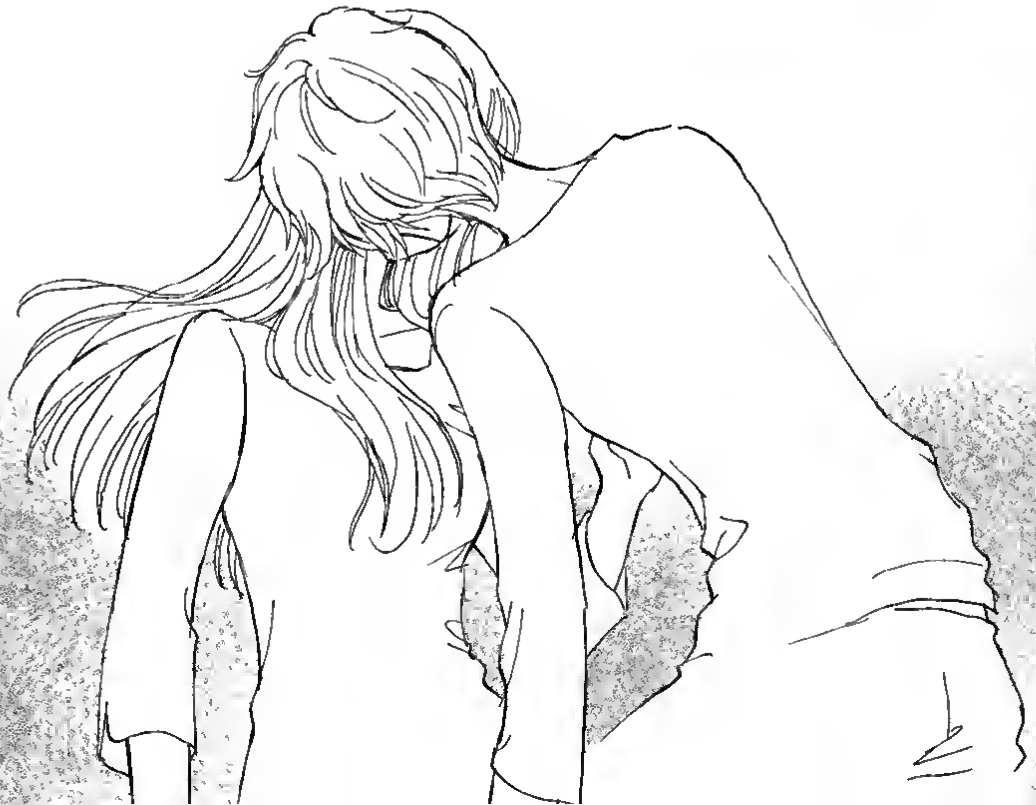
I really like you, Ato-chan.
Kana-chan, I like-
Stop.
Don't touch me.
...Huh?
I mean, me too.

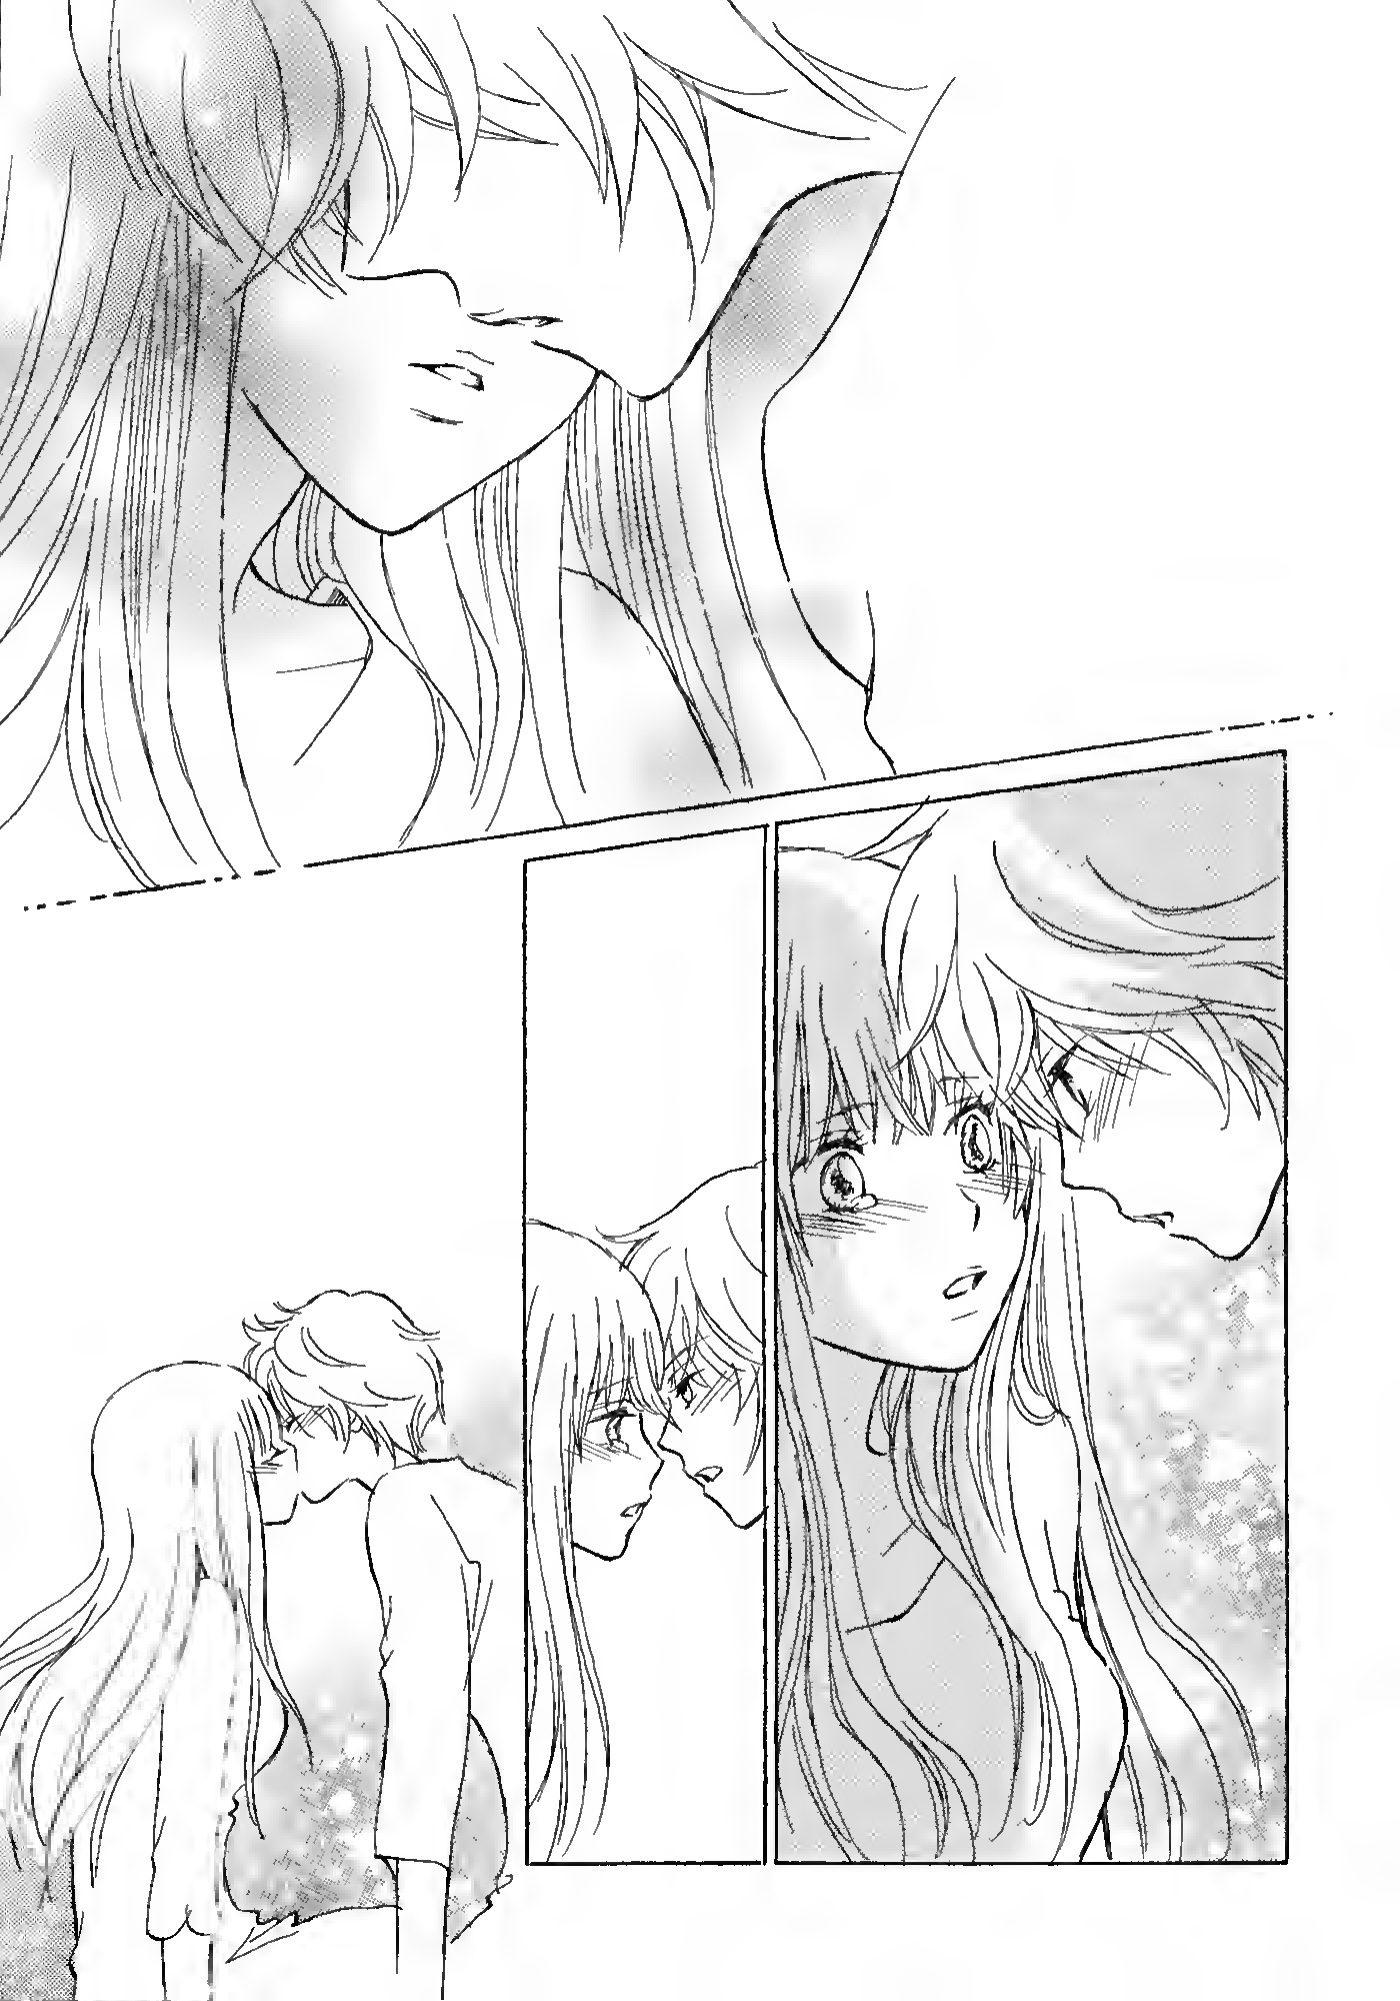
I like you.
Ato-chan.
You can't touch me.
Because
I'm a broken person.
I...
The harder I try to stop it the faster my heart chases me down.
I can't hide it anymore.
My pounding, pounding heartbeat hurts.

Is that weird? It is weird.
This is so strange.
No, you're wrong.
grip
But that's why I can't be near you, Ato-chan.
Me, too.
I like you, too, Kana-chan.
I just have to think about you, and my chest squeezes up
And Kana-chan,
when you even just smile at other girls,
it squeezes up *tight* right here.



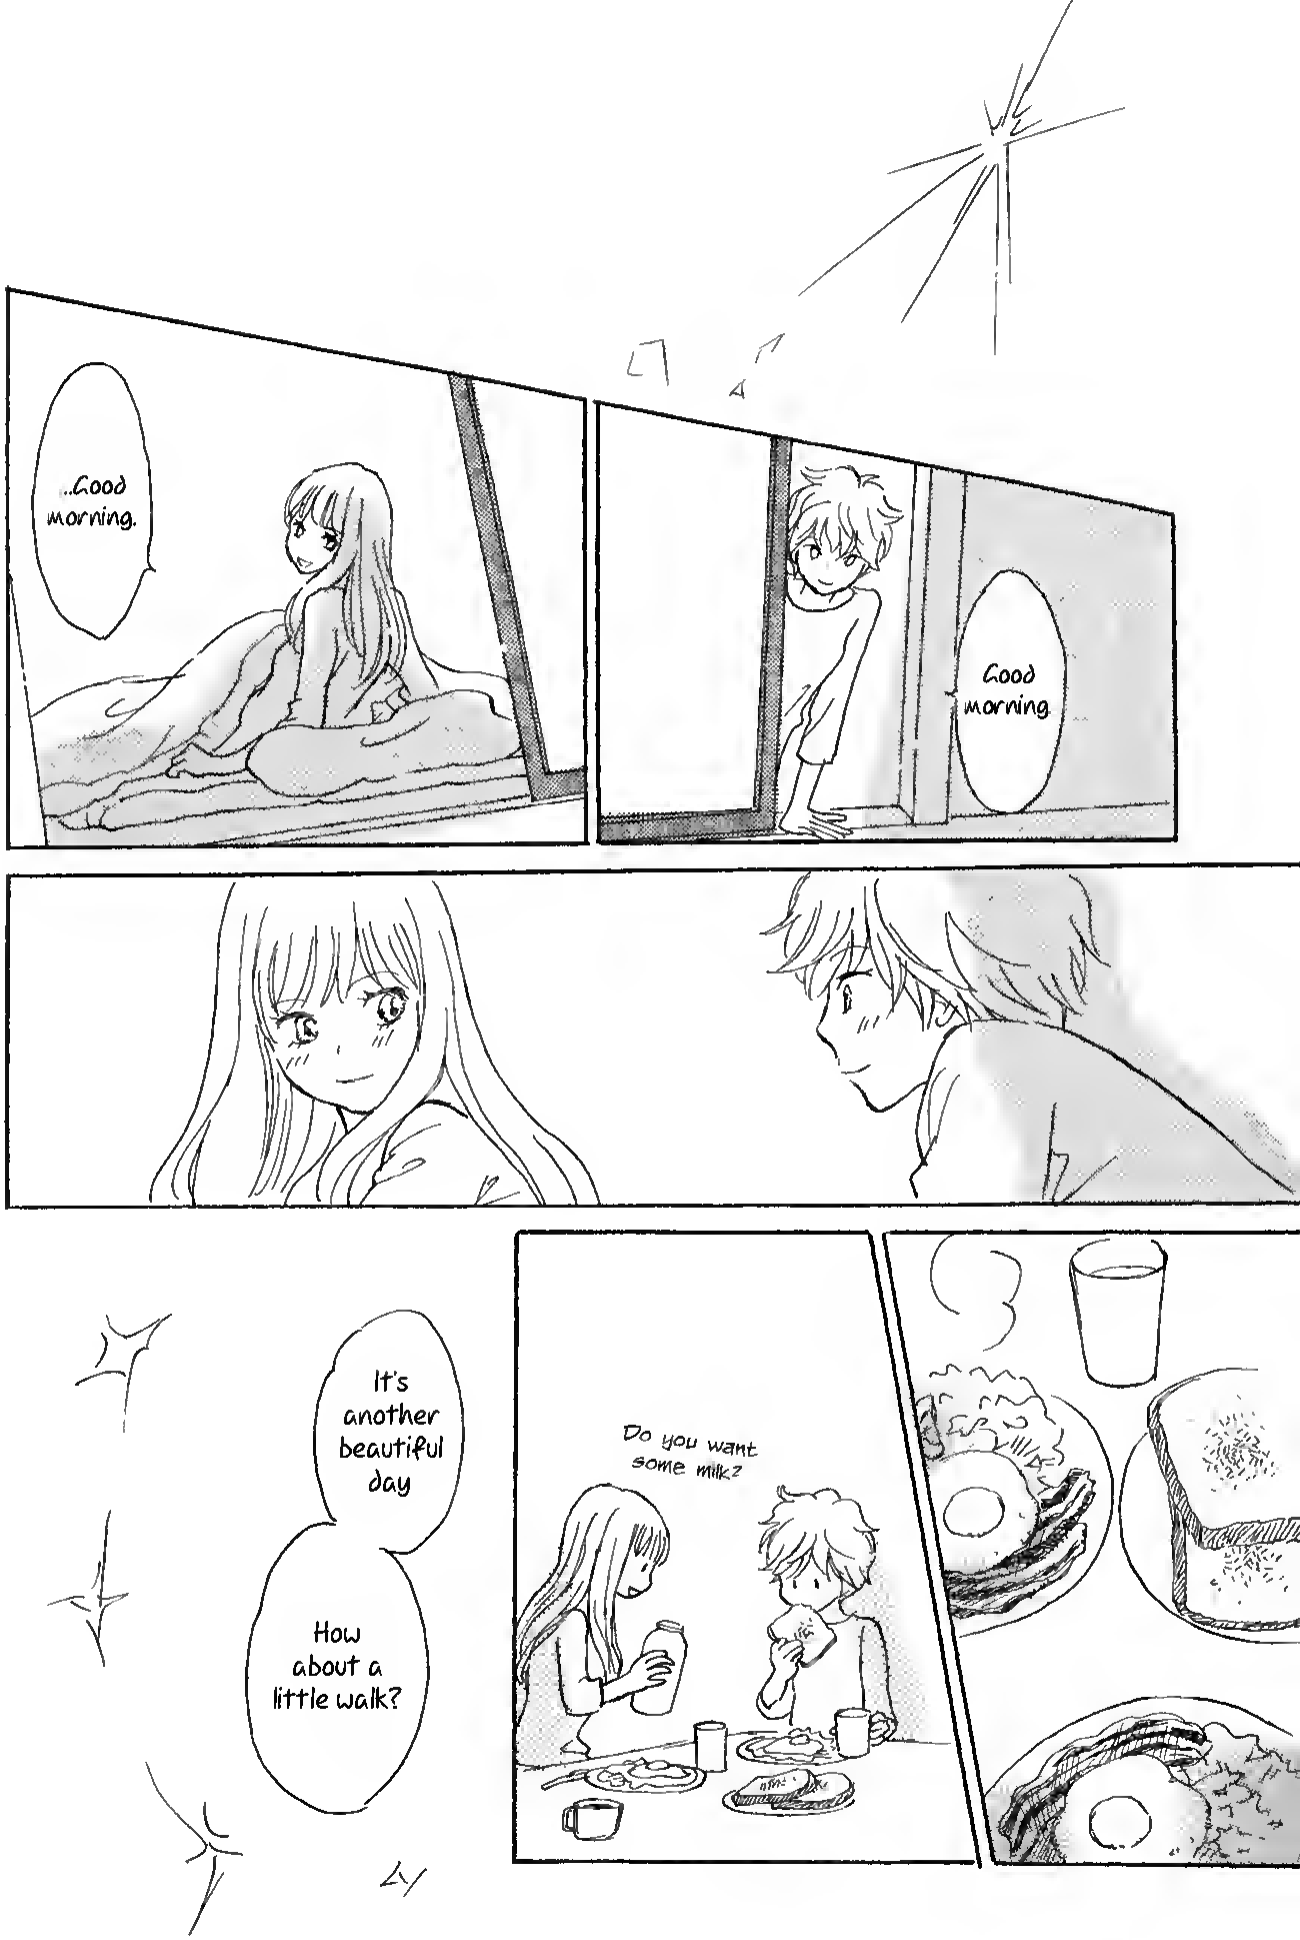
You've always been just a big sister's girl.
No, that's enough.
...I'm serious.
Thanks. You don't have to try so hard.
Heh heh
Your vocabulary is too awful.
Oh, geez!
Shut up, Kana-chan.



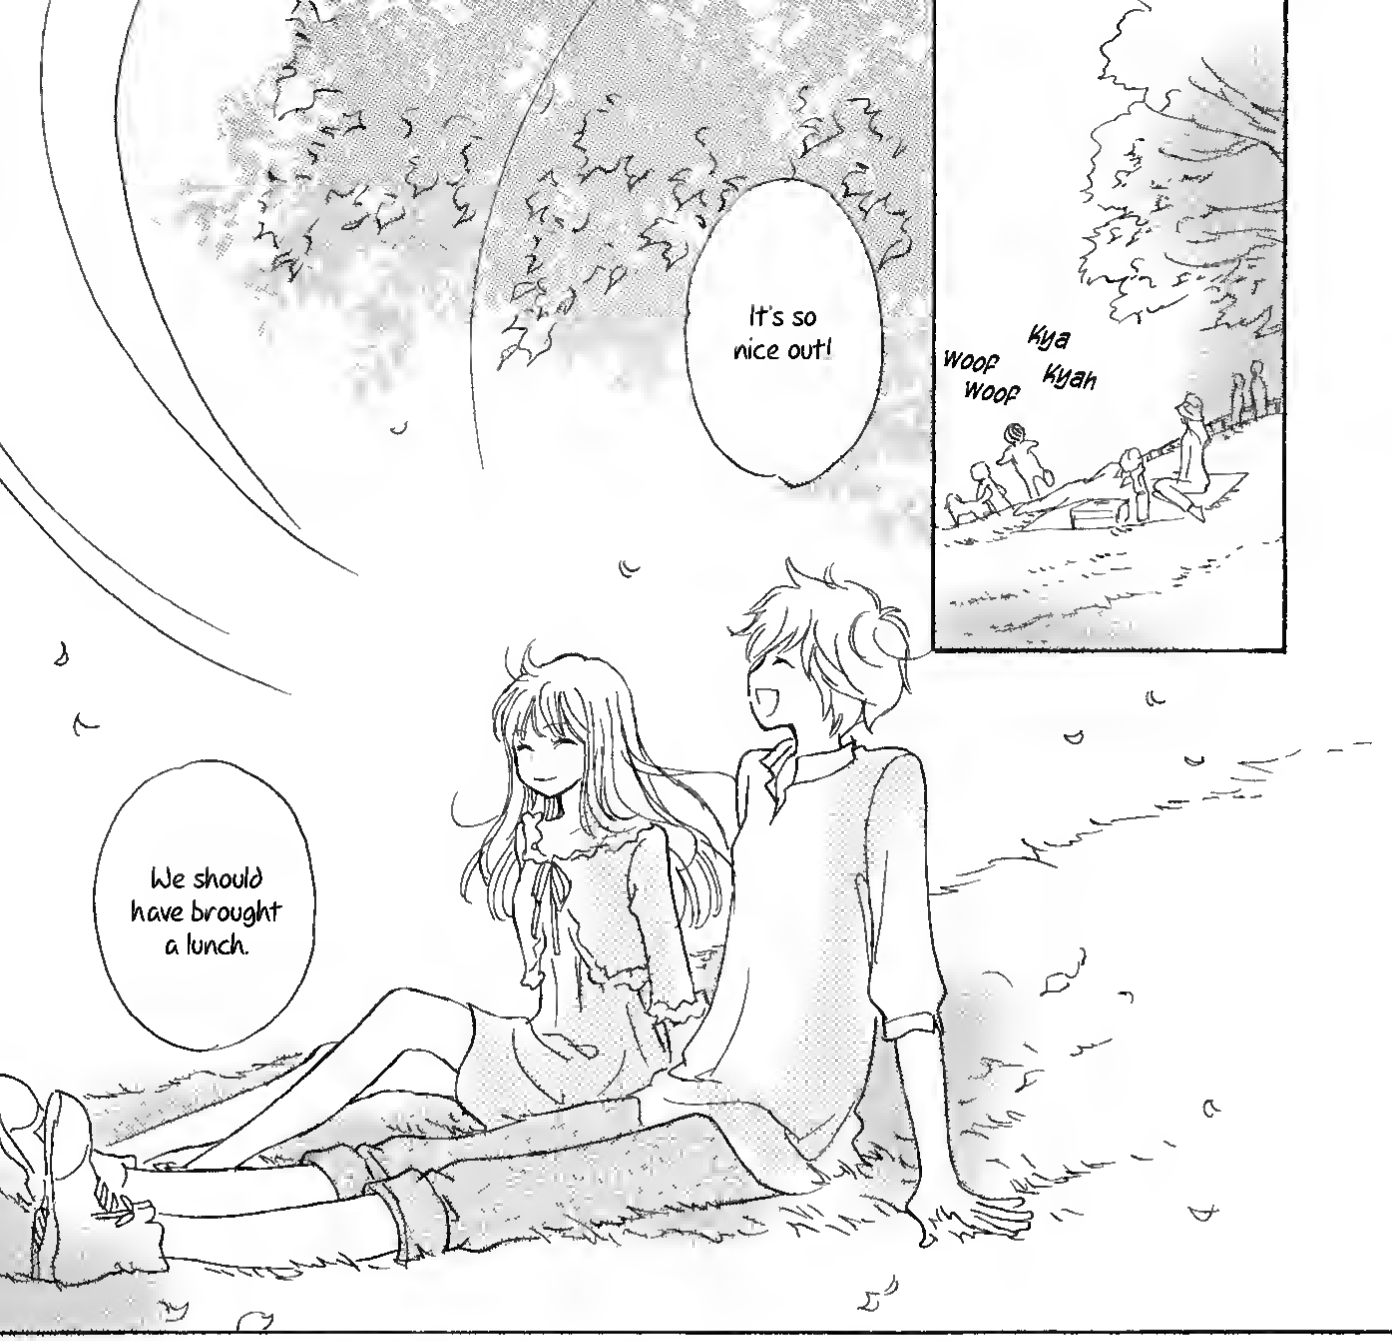


I like you.
I love you.
So you can't go anywhere, okay?
...Yeah.
O God...
I'm sorry, God.
Dad,
Mom,
I'm sorry.

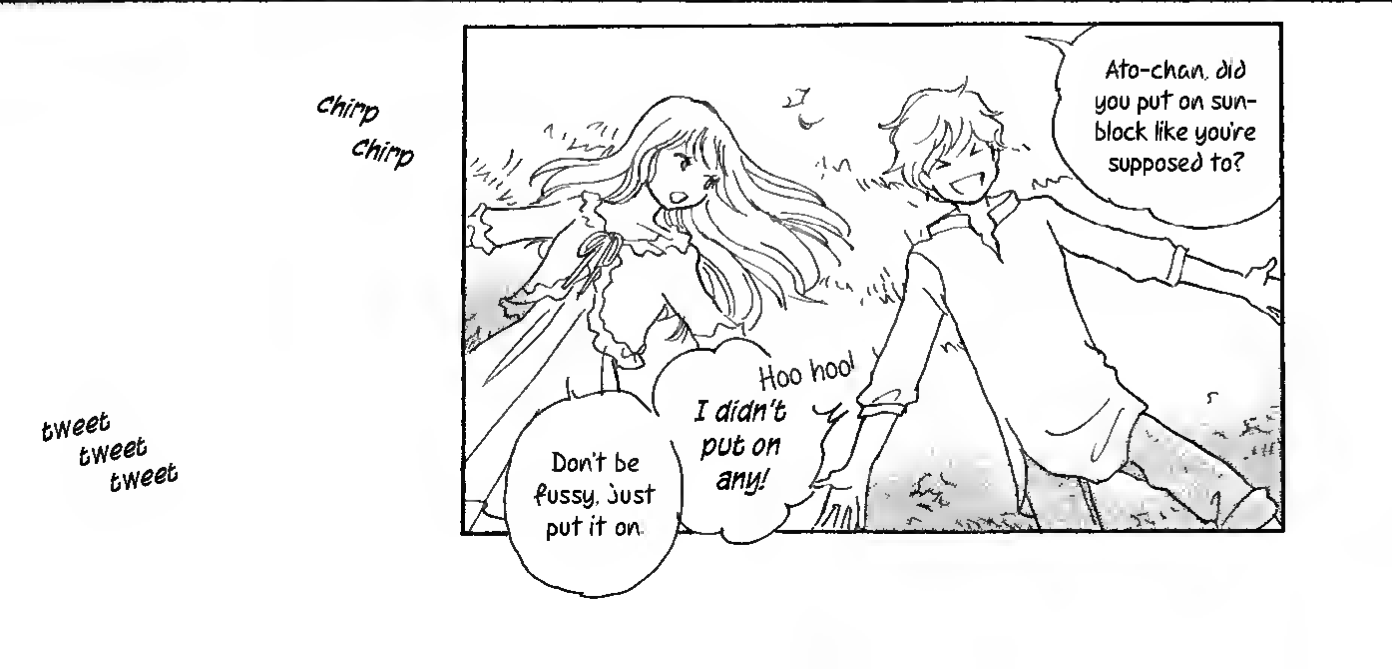
These unstable
emotions between us
Is it right to call it
love, in the end?
Neither of us
understands, but...



..Good morning.
Good morning.
Do you want some milk?
It's another beautiful day
How about a little walk?

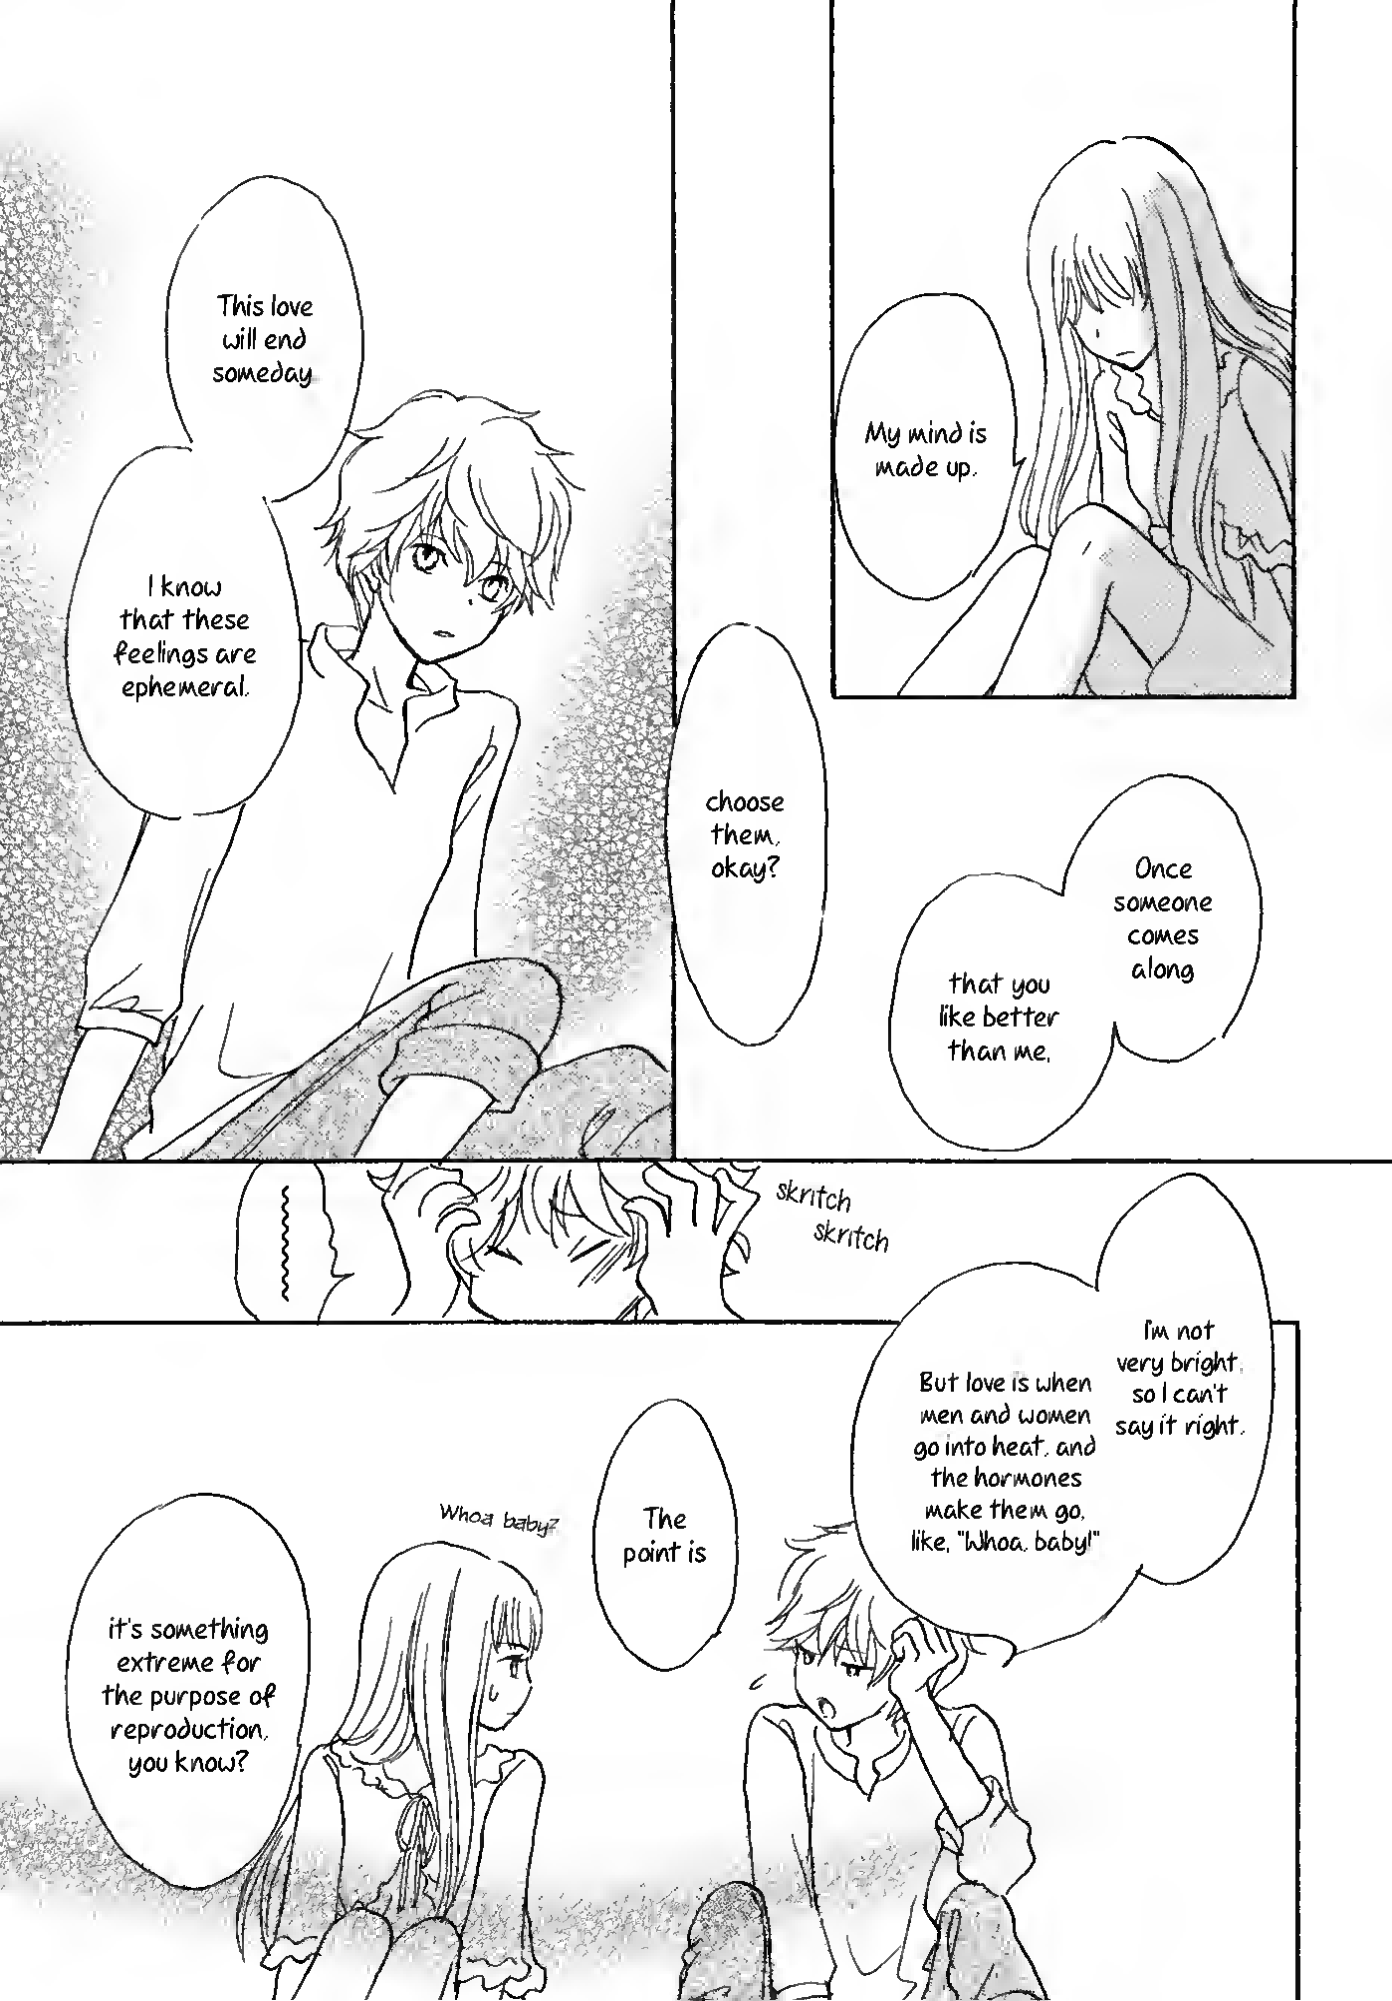


It's so nice out!
Woof Woof
Kya Kyah
We should have brought a lunch.

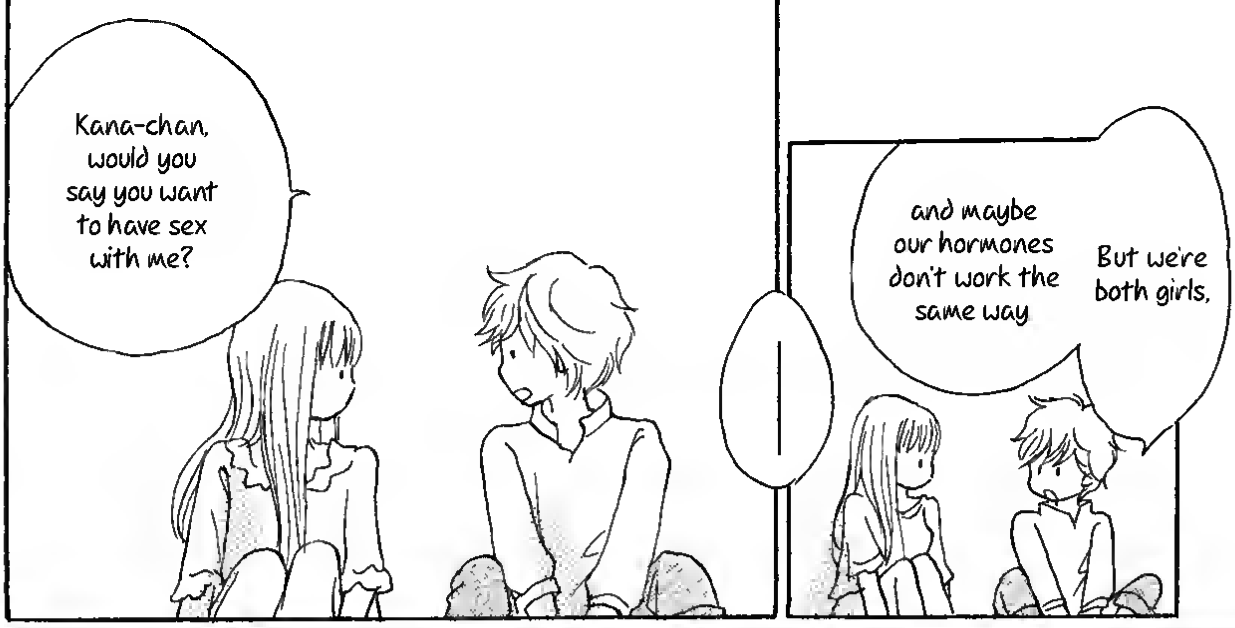


Chirp Chirp
Ato-chan, did you put on sun-block like you're supposed to?
Hoo hoo! I didn't put on any!
Don't be fussy. Just put it on.
tweet tweet tweet

We're like vampires.
We can't go out where the sun shines.
Out in the bright sunlight,
we'll invite instant punishment.
Vampires.
bleh!
Yeah.
People all have different blueprints.



My mind is made up.
choose them, okay?
Once someone comes along
that you like better than me.
This love will end someday
I know that these feelings are ephemeral.
skritch skritch
I'm not very bright, so I can't say it right.
But love is when men and women go into heat, and the hormones make them go, like, "Whoa, baby!"
The point is
Whoa baby?
it's something extreme for the purpose of reproduction, you know?



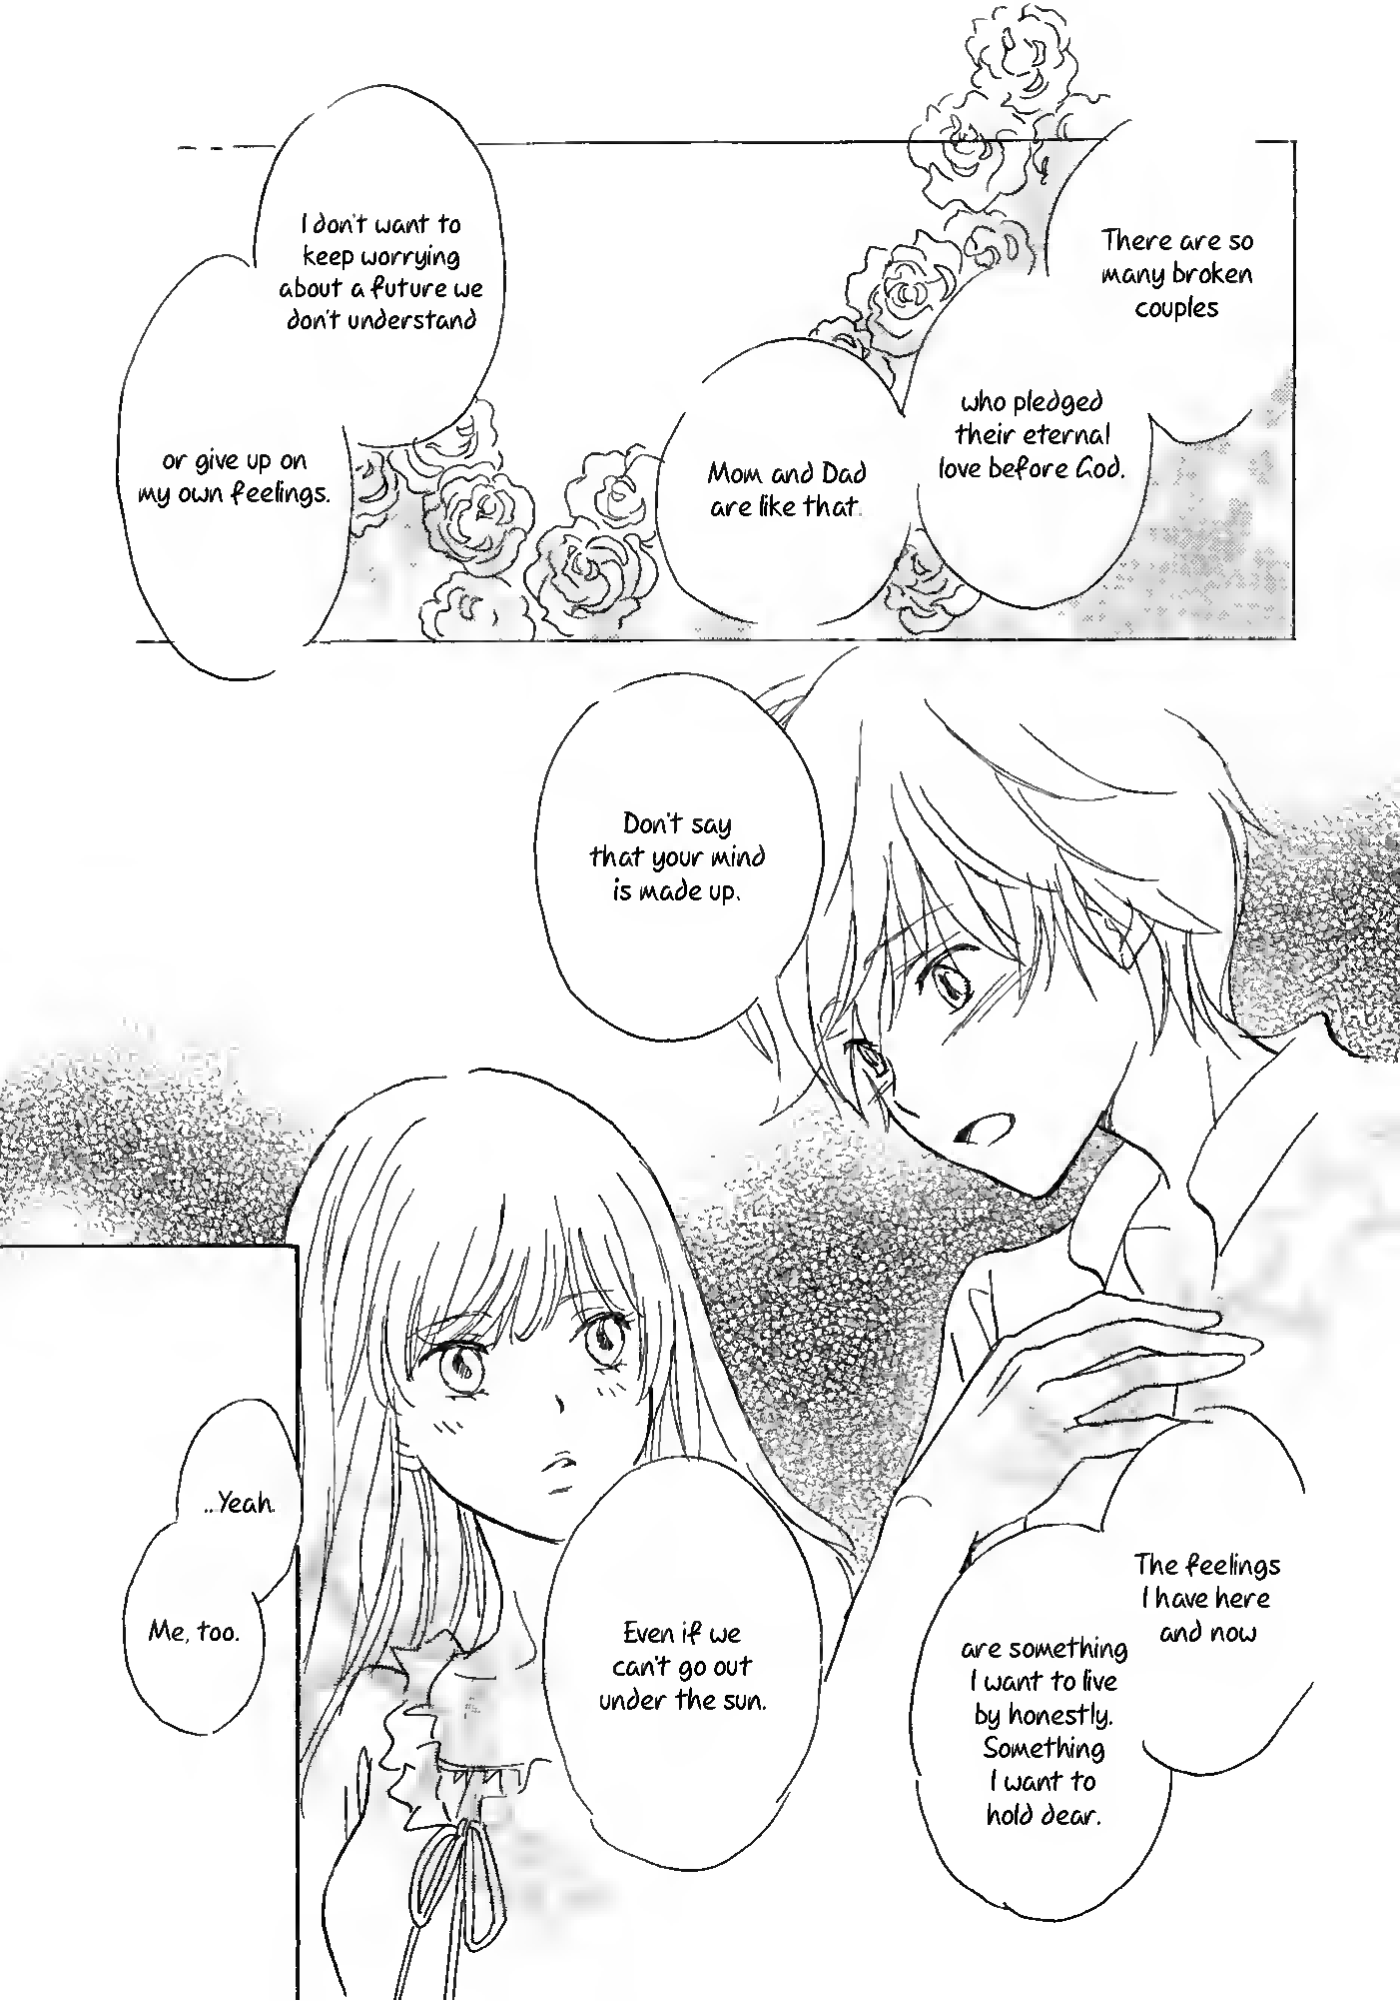
Kana-chan, would you say you want to have sex with me?
But we're both girls,
and maybe our hormones don't work the same way

Heeeey! Kana-chaaan!
Get up...!
...To be honest.

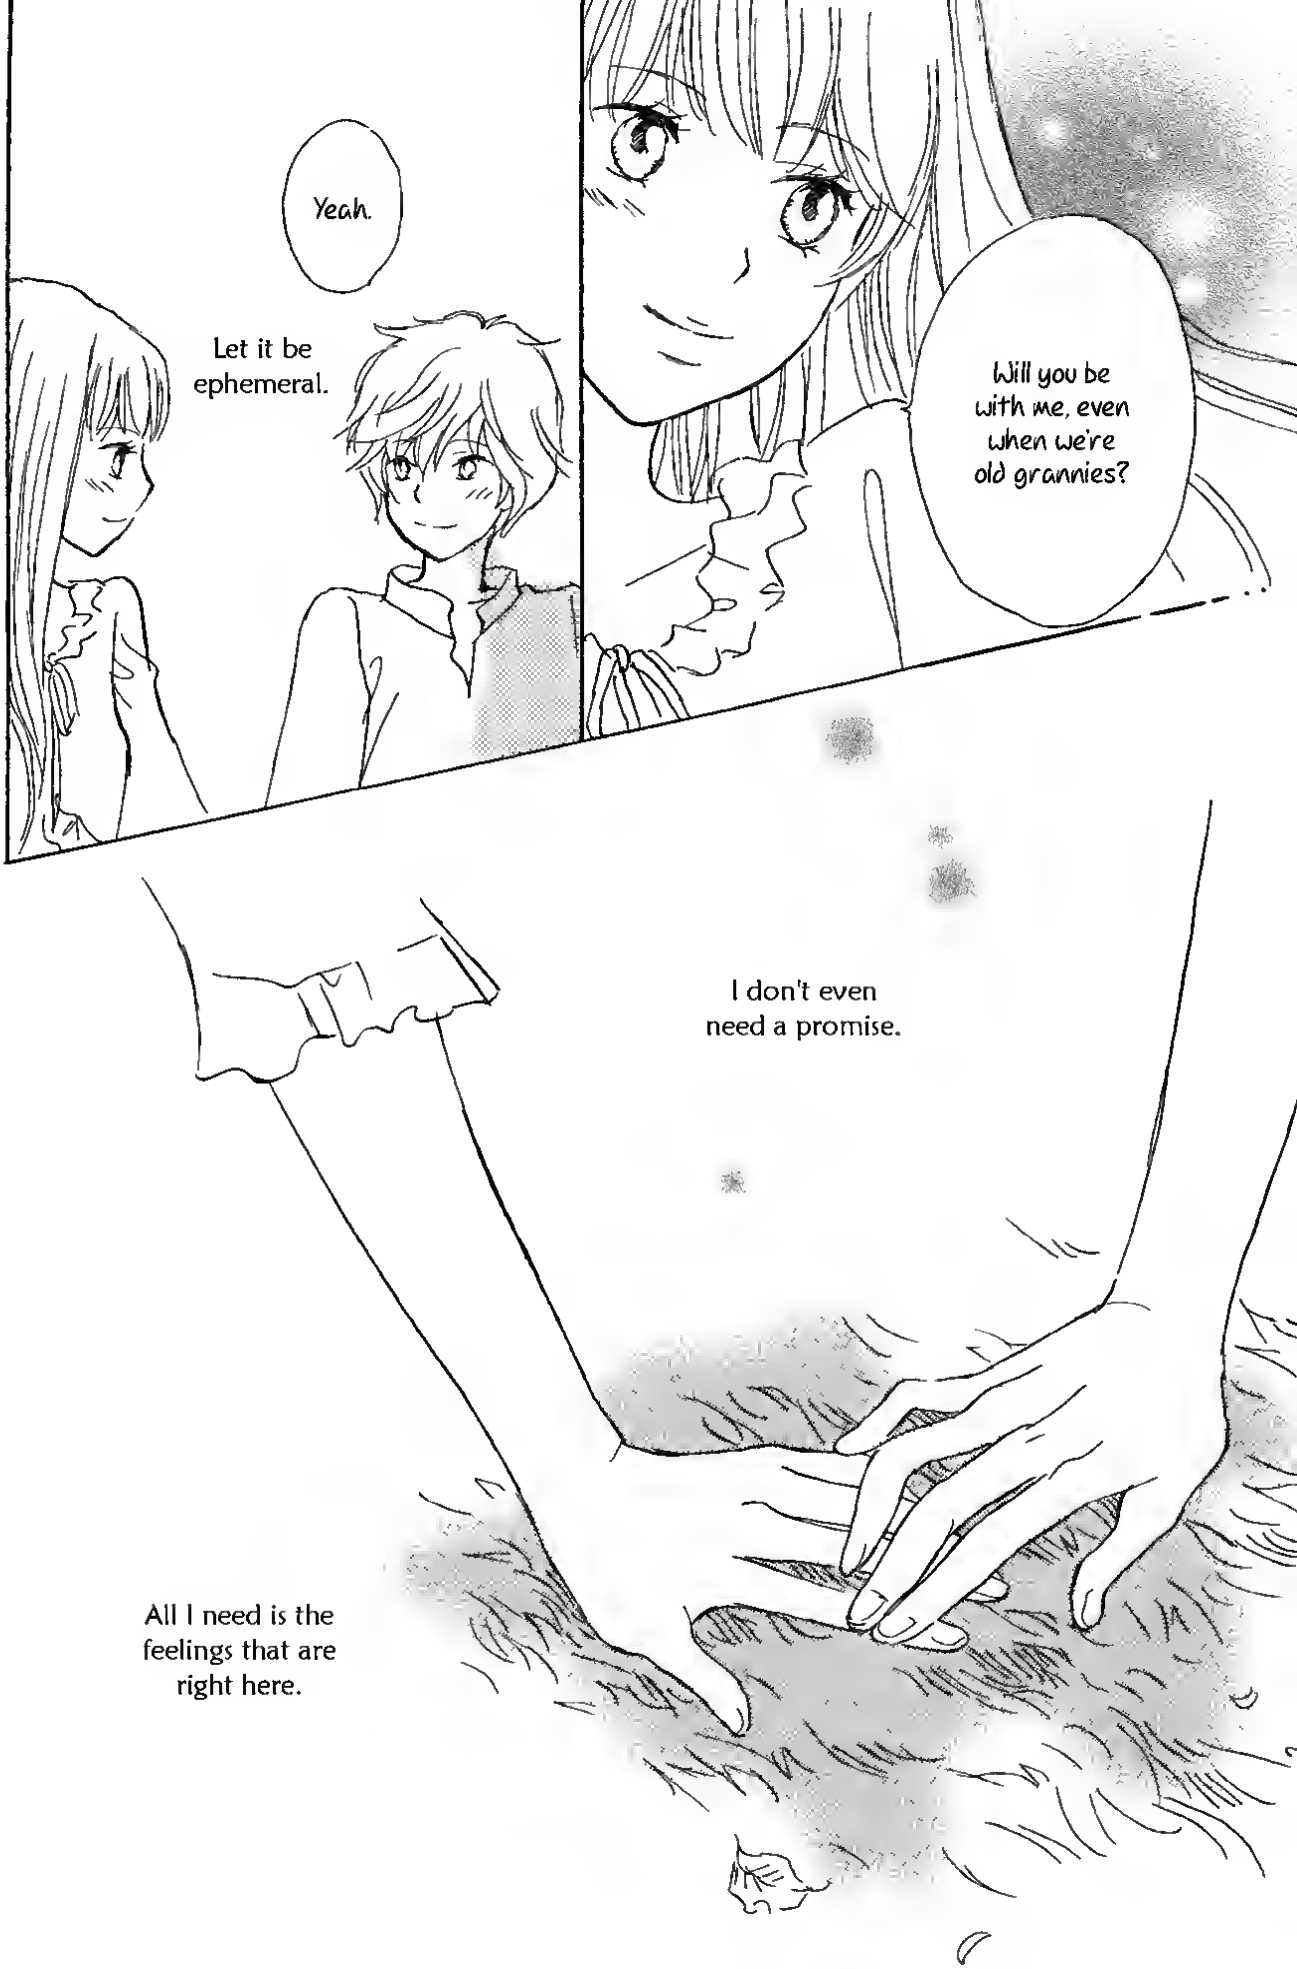
THUNK

You got a point.

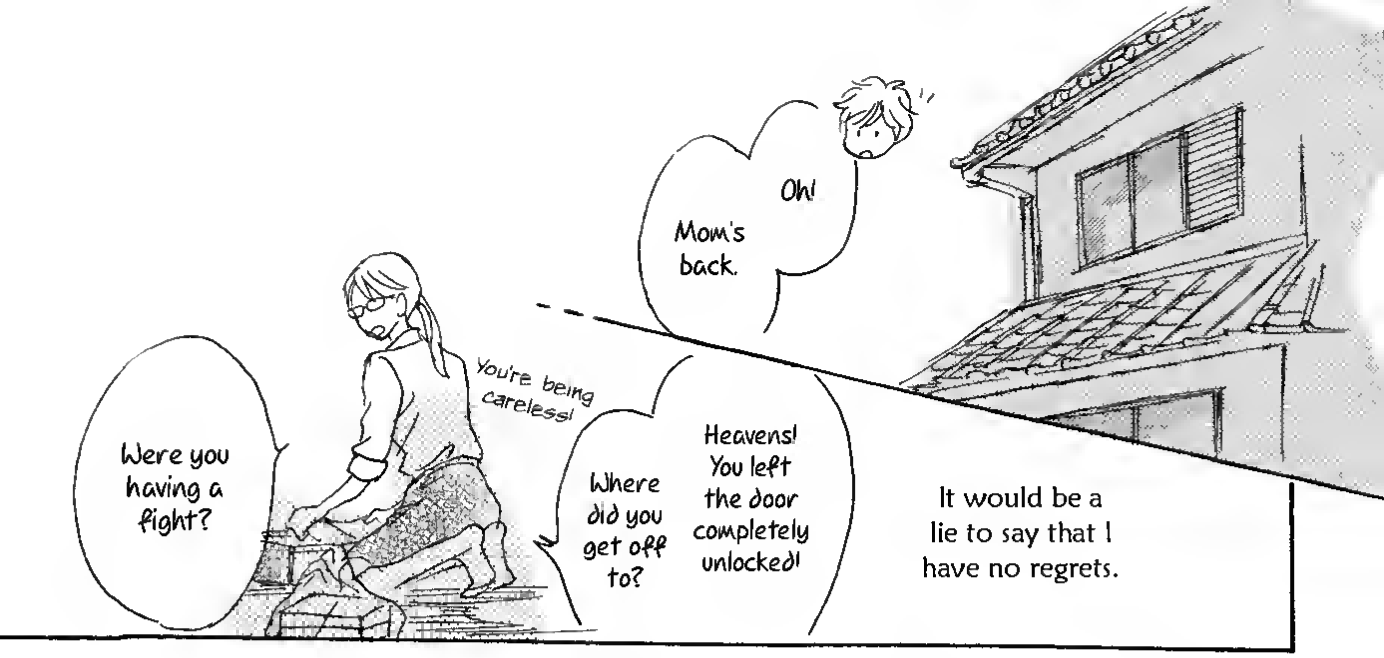
...Kissing alone makes me blank out.
...Ki...
I can't think that far down the road.



I don't want to keep worrying about a future we don't understand
or give up on my own feelings.
Mom and Dad are like that.
There are so many broken couples
who pledged their eternal love before God.
Don't say that your mind is made up.
..Yeah.
Me, too.
Even if we can't go out under the sun.
The feelings I have here and now
are something I want to live by honestly. Something I want to hold dear.

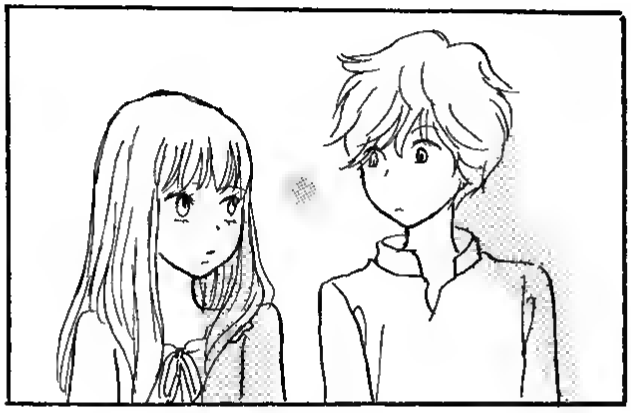


Yeah.
Let it be ephemeral.
Will you be with me, even when we're old grannies?
I don't even need a promise.
All I need is the feelings that are right here.



Oh!
Mom's back.
You're being careless!
Were you having a fight?
Where did you get off to?
Heavens! You left the door completely unlocked!

It would be a lie to say that I have no regrets.



That's right.

giggle

Nope

I'm sure our luck is good.

We're happy

to have the one we long for close by.

P.S.

God

I will be content
to accept your
punishment.
